
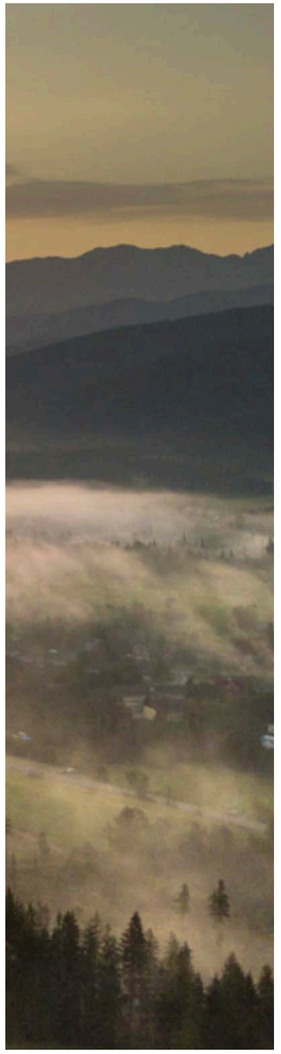
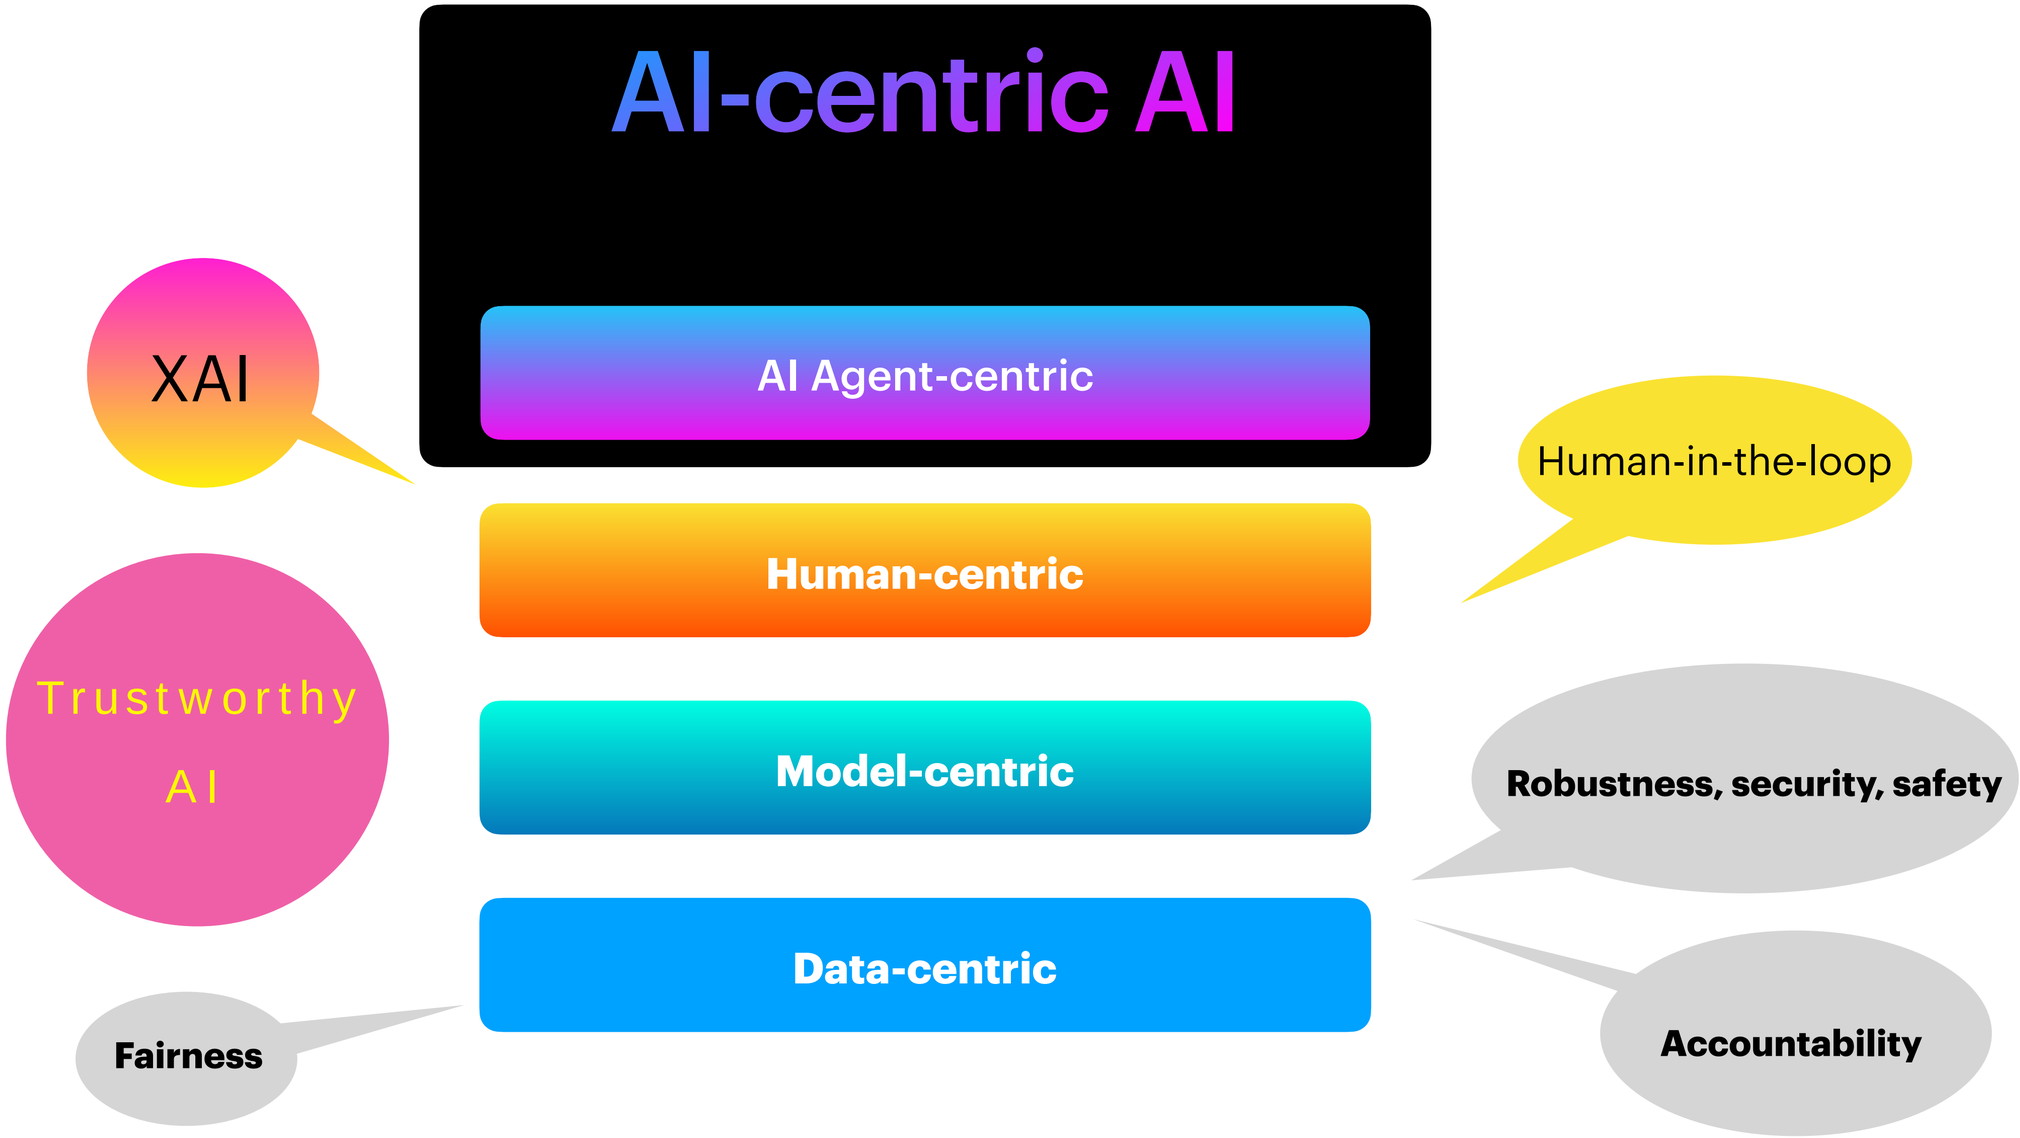
AI-centric AI

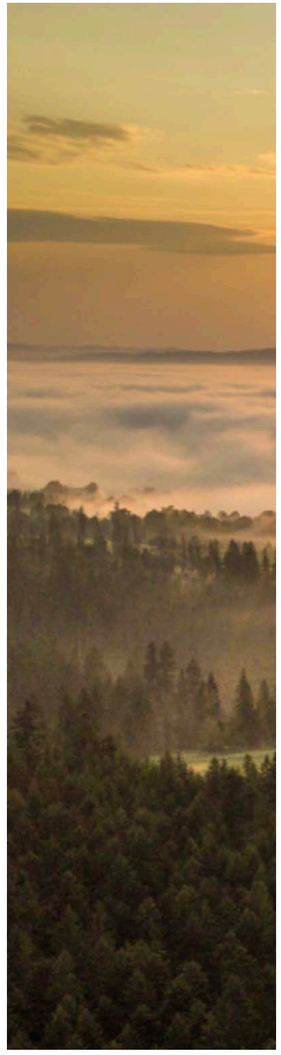
Panel on the Future of AI

ICAISC 2024, June 17





AI-centric AI
AI Agent-centric
Human-centric
Model-centric
Data-centric
XAI
Trustworthy AI
Fairness
Human-in-the-loop
Robustness, security, safety
Accountability



ICAISC 2024, June 17

Discussion panel

11:20 - 12:50

Room: Tatry

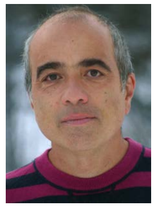
AI-centric AI
Organizers: Włodzisław Duch,
Danuta Rutkowska, Vagan Terziyan

Prof. Włodzisław Duch

Department of Informatics, Nicolaus Copernicus University, Torun, **Poland**

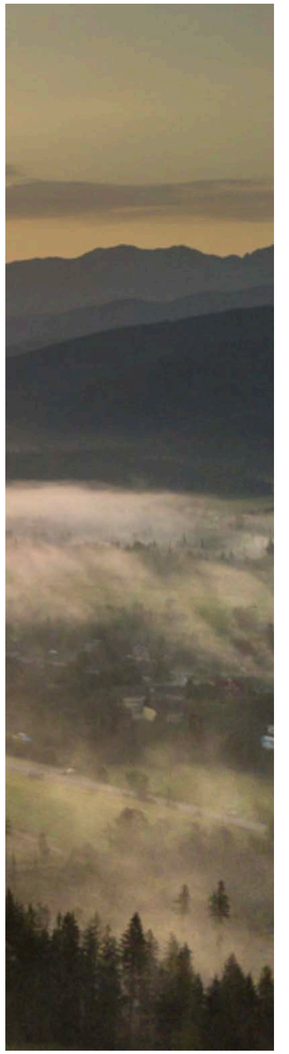
Prof. Danuta Rutkowska

Institute of Information Technology, University of Social Sciences, **Poland**



Prof. Vagan Terziyan

Faculty of Information Technology, University of Jyväskylä, **Finland**



Key questions
for the Panel

- Responsible autonomy
- AI bootstrapping itself
- AI as users of AI
- Digital cognitive clones
- Self-explainable AI
- AI-centric services
- Ethical and societal implications
- Future of AI integrations
